## DEMPSEY WANTS THE BOUT WITH CARPENTIER TO END DECISIVELY WITH EITHER HIMSELF OR OPPONENT STRETCHED ON FLOOR OF THE RING

**World's Heavy Weight Champion Does Not Want Towel Thrown In Ring**

**Says It Should Be A Knock-out And Will Keep On Fighting 'Till Knocked Out**

[By Associated Press to The Banner] ATLANTIC CITY, N. J., June 30—Jack Dempsey wants his contest with Georges Carpentier to end decisively, with either himself or Carpentier stretched on the floor of the ring, if possible, before the 12 rounds have been fought out at "Boyle's Thirty Acres" in Jersey City Saturday afternoon.

The world's heavyweight champion so declared himself today when he said he did not want a towel thrown in as an acknowledgment of defeat. A championship contest, he said, should be allowed to go to a knock-out without regard to the battered or helpless condition of either contestants. Dempsey also is opposed to having the contest stopped by the referee.

"The best way to stop a fight to suit everybody is to knock the other man stiff," Dempsey said.

"Then there is no chance for argument. I don't want Carpentier's men to throw in a towel. I know when it comes my turn to 'take it'—they are not going to throw in any towel for me. I will keep on fighting until I am counted out."

The champion completed his training yesterday.

The molten rocks and sulphurous gases pouring from the crater, it is feared, may spell impending doom to the panic-stricken inhabitants.

## TREATY WILL BE RENEWED

[By Associated Press to The Banner] LONDON, June 30—The Pall Mall Gazette and Globe says the British cabinet today decided upon renewal of the Anglo-Japanese treaty, but that discussion is proceeding on certain modifications that have been suggested. These have special relations to the American attitude towards the treaty and the position of India, the newspaper adds.

It was stated at the foreign office this evening it was unlikely that the cabinet had decided upon the renewal of the Anglo-Japanese pact, but that possibly it had made some recommendations to be placed before the imperial conference.

## STILLMAN IS STILL SILENT

[By Associated Press to The Banner] Poughkeepsie, N. Y., June 30—Continued refusal by James A. Stillman to answer questions regarding his relations with Florence H. Leeds, former Broadway show girl, today parked the banker's second appearance for cross-examination in the divorce suit he brought against the former Pitt-Fetter.

Today, as yesterday, he brushed aside all such inquiries on the ground that to answer them might tend to incriminate him. On the same ground he would not identify a photograph which counsel for Mrs. Stillman claimed was that of Mrs. Leeds.

There were long arguments between the opposing attorneys, brought about by the banker's resistance to questions, and it was said one of Mr. Stillman's lawyers proposed to advise him to answer if assured that no criminal action would follow.

To this proposal it was reported that John E. Mack, guardian ad litem for the infant Guy Stillman, whose legitimacy was questioned by the banker, would not agree.

## BAND CONCERT HAS POPULAR APPROVAL

Large Crowd Again Listens To Program of K. of P. Band Wednesday Evening

Popularity of band concerts in Mt. Vernon was again demonstrated Wednesday evening when the K. of P. band presented its mid-week program. A large crowd gathered, the greater number standing in the park or on the sidewalk, or sitting in automobiles, where for an hour they enjoyed the music of a well chosen program. The bandmen wore their new white uniforms.

The bandstand was set up on the west side of the square, opposite the West High street entrance. The band was compelled considerably to extend its program by the insistent demands for encores which were given with a pleasing generosity.

At the conclusion of the program the Lawler drug store served the bandmen ice cream and cigars. The members of the band are appreciative of Mr. Lawler's kindly generosity and wish to thank him. The members of the band also are appreciative for the size of the contribution made to the collection taken on the part of the audience which sum goes to make up the fund by which the expense of the concerts is met. A very liberal sum was given Wednesday evening which is accepted as a substantial evidence of the popular favor given this series of concerts.

Announcement was made at the close of the program Wednesday evening that, weather permitting, another concert will be given on the public square next Wednesday evening.

**Allied Troops March Through Streets and Raid Hotels**

**Asserted That Plot For An Uprising Is Frustrated By The Police**

[By Associated Press to The Banner] CONSTANTINOPLE, June 30—Turks and Bolsheviki are reported to have contemplated a vast uprising in this city, which would be accompanied by the destruction of public buildings.

Early yesterday allied troops, acting under orders from General Harrington, commander of British forces in Constantinople, marched through the streets of the city and raided hotels in search of Bolsheviki.

British soldiers with fixed bayonets entered buildings occupied by Bolsheviki organizations and seized large quantities of arms. Several men alleged to be the principal ringleaders in the reported uprising were arrested. It was asserted that the plot for an uprising had been frustrated through the vigilance of the police.

Greek forces have withdrawn from Ismid, 56 miles southeast of this city, and the Turkish Nationalists are believed to have a clear road to Constantinople. Reports are silent, however, relative to any advance in this direction.

## PREST. ASKS ENLISTED MEN BE CARED FOR

[By Associated Press to The Banner] WASHINGTON, June 30—President Harding today signed the annual army appropriations bill directing reduction of the regular army to 150,000 men by October 1, but at the same time "advised congress that in his opinion further legislation might be required to relieve the government of the embarrassment of violating its obligation to enlisted men whose discharge the reduction will make necessary."

The president told congress, in a special message, that he would not feel justified in asking the secretary of war to enforce the dismissal of men who had enlisted for a definite period, and it seemed there was a moral obligation involved, the violation of which would be demoralizing to the spirit of the army itself.

The president is understood to have adopted this course rather than veto the army measure, because there would not be sufficient time to enact a new bill before the beginning, tomorrow, of the fiscal year for which funds are appropriated.

## DRAFT EVADER IS GIVEN YEAR SENTENCE

CINCINNATI, June 30—"It would seem to me that those who fled in an effort to escape the draft into service of the country might well be made to serve in the penitentiary as long as the brave men served in the U. S. armies in France. However, the law does not permit me to impose a heavier sentence than one year in jail."

U. S. District Judge Peck Wednesday made that statement after Walter J. Foertmeyer entered a plea of guilty to the charge of having failed to register June 5, 1917.

The court also refused to allow a deduction for the six weeks' imprisonment of Foertmeyer since his arrest at Laredo, Tex., after being deported from Mexico.

The Underwood average rate was six per cent, and the Dingley average 26 1/2 per cent.

Under a change of plans today, the measure will not be considered by the whole committee until Wednesday. It will be reported that day. Democratic members of the committee are at work on a minority report in the hope of submitting it along with the majority views.

The bill as it stands will be taken up by a Republican caucus tonight in an effort to reconcile all differences so that the party may present a solid front when it is considered in the house next week.
